Re: OPRA Request

Dear Ms. Haskins:

On August 29, 2019, I received a request for government records from you pursuant to the Open Public Records Act ("OPRA"). On September 11, 2019, I advised you that additional time would be needed to complete your request, with an anticipated response date of September 27, 2019. Please accept this correspondence as my response pursuant to OPRA.

Each of your requests is addressed individually below:

1. All instructional materials, presentations and presentation materials (including recorded video and audio, PowerPoint files, prepared remarks, and slides formats), and other guidance on the use of Ring devices and/or the Neighbors app. This includes A) any notes taken during meetings that discussed the use of Ring devices and/or the Neighbors app, B) any explanations (whether internally or externally generated) of how Ring devices and/or the Neighbors app work, and C) any other document that has been used to help explain the use of Ring devices and/or the Neighbors app to any party, including internal documentation, public relations materials, and executive summaries.

ANSWER: Responsive records are enclosed. Please note that the following records are exempt from disclosure under OPRA pursuant to N.J.S.A. 47:1A-1.1, which excludes from release "trade secrets and proprietary commercial or financial information obtained from any source," and "emergency or security information or procedures for any buildings or facility which, if disclosed, would jeopardize security of the building or facility or persons therein," and "security measures and surveillance techniques which, if disclosed, would create a risk to the safety of persons, property, electronic data or software."

- Ring Best Practices Sheet
- Ring Training Guides
- Ring Reference Sheet Template
- Ring Engagement Guide for LE
- Ring Success Stories Sheet

2. A copy of any privacy impact assessments, use policies, standard operating procedures, data retention policies, legal opinions, warranties, non-disclosure agreements, contracts, liability waivers, insurance agreements, Requests for Proposals, Responses to Requests for Proposal, Memorandums of Understanding, Letters of Interest, usage policies, or informal agreements between the police department and Ring.

ANSWER: Responsive records are enclosed.

3. A copy of any funding opportunity announcements, grant applications and grantor status/progress reports, reports to legislative bodies, annual reports that mention Ring or the Neighbors app, as well as audit records, including but not limited to security audits of the software, misuse reports, and reports to oversight bodies.

ANSWER: There are no responsive records.

4. Any digital communications including but not limited to emails and text messages) as well as documents, (including but not limited to PDF, word processing, excel, and slide documents) that mention Ring or the Neighbors app.

ANSWER: This request is invalid under OPRA. Language such as “including but not limited to” is overbroad because it does not identify a specific record and requires interpretation and/or research by the custodian. See MAG Entm’t, LLC v. Div. of Alcoholic Beverage Control, 375 N.J. Super. 534, 546, 549 (App. Div. 2005) (“Under OPRA, agencies are required to disclose only ‘identifiable’ government records not otherwise exempt.”); Shipyard Assoc.’s v. City of Hoboken, 2015 WL 10352982, *5 (App. Div. Sept. 15, 2015) (noting that the use of “any and all” and “not limited to” is improper under OPRA). A valid OPRA request must “identify with . . . specificity or particularity the government records sought.” MAG Entm’t, 375 N.J. Super at 549 (OPRA “is not intended as a research tool . . . to force government officials to identify and siphon useful information.”) “OPRA does not convert a custodian into a researcher.” Lagerkvist v. Office of Governor of State, 443 N.J. Super. 230, 237 (App. Div. 2015). Moreover, requests for correspondence must include sender and/or recipients and date ranges under OPRA.

However, in an attempt to provide you with the records you seek, the Township has conducted a search and located the enclosed records believed to be responsive to your request.

5. Any digital communications (including but not limited to emails and text messages) with Ring representatives.

See response to #4 above.

Your request to “Please try to include any other miscellaneous documents that facilitate this police department’s relation with ring that don’t fall neatly in to the above

categories” is invalid under OPRA on the same legal basis detailed in the response to #4 above.

Your OPRA request is now deemed complete and closed. If you have any questions, please contact me directly.

Sincerely,

A handwritten signature in black ink, appearing to read "Lt. Mike Cordileone". The signature is stylized with a large, looped "C" at the end.

Hi Captain Spitzer,

Thanks for taking the time to speak with me today. Please feel free to pass thing along to all who attended this meeting.

We're excited at the prospect of working partnering with the Mount Olive Twp Police Department to reduce crime and engage citizens through the Neighbors platform.

To recap some program highlights (some talking points):

Neighbors by Ring is the free smartphone app that allows citizens to upload videos, photos and alerts related to crime and safety and share them with their neighbors. You do not need Ring cameras to use this app.

The Neighbors Law Enforcement Portal allows your agency to view and comment on these posts in real-time, directly engage citizens and create neighborhood alerts that are targeted to neighbors in specific geographic areas.

On the investigative side, the portal allows you to see an active camera map of all the Ring devices in your community and directly request relevant video when a crime is committed. All of this is provided to law enforcement and the community at no cost.

We will create a Mount Olive Twp-specific download link for the app. Anytime someone uses the link to download the neighbors app, Mount Olive Twp PD gets credit. For every 20 downloads, we send you another device. We are willing to work with the police department, local foundations or the city on a subsidy program to help get additional cameras into the community.

Your department specific discount code for law enforcement personnel is NBMTOLIVE use this code with your department email address (@mopd.org) to receive \$50 off per device.(Excluding Ring Classic and bundled products)

For your community, we offer a subsidy program which is a partnership between Ring and the city that offers residents exclusive discounts on Ring Security Products. With an investment of \$50 from the city per household, Ring will match this, offering the resident a \$100 off coupon on a Ring device of their choosing. (Attached below is more detailed information)

Currently we are just waiting on Ring's legal team to revise our MOU. As soon as this is provided to me I will get this over to you asap. If you can keep me updated on who this would need to go to for approval (Anywhere open to the public I will need to link in Morgan who is our PR Coordinator).

Thanks and I look forward to reconnecting soon!

PS. Here are two departments in Florida that are currently using the Law Enforcement Portal and having great success with it.

Captain Spitzer Great news! The MOU agreement is fully signed. Attached are the documents for your records.

I will actually be Account Manager moving forward. Next step would be to set up a 1 hour webinar with you and all the key stakeholders for your Portal Onboarding. The Portal Onboarding is train-the-trainer style so we only require the following people to join:

1. Partnership Coordinator - main champion for the Ring partnership
2. Press/Media Coordinator - typically the PIO who will coordinate the initial partnership announcement and ongoing PR

Name:

Email Address:

3. Social Media Coordinator - person(s) in the department who manages comments on Facebook, Twitter, NextDoor, etc (if different from #2)

Name:

4. Investigative Coordinator - your resident expert when the department wants to send a video request. This person will be trained on best practices for ensuring the maximum participation and sharing of video.

Name:

5. Community Relations Coordinator - person who oversees the team that interfaces with the community at events, HOA meetings, Neighborhood Watch meetings, etc.

Name:

Involvement by each of these groups is essential for active community participation (specifically on video requests) and overall long-term success of the partnership.

Lastly, please ensure you have access to a computer so we can screen share the Portal with you.

Ring wants to help reduce crime in your city!

Ring is excited to propose a solution to help prevent residential burglaries and assist in the investigation of crimes in your community.

Overview

In an effort to reduce local crime and make our neighborhoods safer, Ring has successfully partnered with cities nationwide to implement a home security subsidy program. The subsidy program incentivizes residents to purchase Ring devices at a discounted price, so we can make smart home security accessible to everyone.

About Ring

Ring is on a mission to reduce crime in neighborhoods. Ring Video Doorbells and Security Cameras send you instant alerts on your phone whenever motion is detected. You can see, hear and speak to people on your property from anywhere. If you catch something suspicious, Ring also lets you share the videos with neighbors and local law enforcement, so you can work together to reduce local crime.

Program Details

Ring will give residents \$50 off any Ring Video Doorbell or Security Camera, and the city will match that offer with a \$50 subsidy. Together, we can offer a \$100 discount on Ring products to help residents protect their homes and reduce crime in their neighborhoods. All programs are custom to each location. A minimum investment of \$10,000 from the city, which covers 200 households, is suggested.

Ring allows residents to work together with neighbors and local law enforcement to reduce crime in neighborhoods, so we can help make our communities safer for all.
